- We are a school community that cares for, values and encourages all the children within our care.

Values

- Across our Federation, beginning in Reception, our values as chosen by all stakeholders (Honesty, Friendship, Respect, Togetherness, Aspiration, Resilience, Nurture and Family) are taught in class, in Good Work collective worships and at other times throughout the day.

- Key policies supporting this and other areas of the school are all available via our school website.

Additional Needs, Nurture & Intimate Care

- Some children may have additional needs or require support. Our Reception staff are highly experienced and will support you and your child.
- We have a dedicated SENCo, who works closely with staff and parents to ensure children are well supported.
- We have fantastic nurture provision and this is an area of the school we are expanding.
- Toileting We would prefer that our Reception children are toilet trained before they join us, however we appreciate such young children often have accidents or have additional needs delaying this. We encourage all parents to work on this over the Summer holidays with their children.
- Our staff follow an Intimate Care Policy when dealing with any issues of this nature.
