Dear Parents/Carers

It has been brought to our attention that your child's class has a case of head lice. This is nothing to worry about, as it is a very common condition that affects many children and can be readily treated with modern products and with regular checking and combing.

Please ensure you check through your child's hair to ensure there are no eggs or living head lice. If there are, please treat your child appropriately and follow the advice checking through the hair of all other people in the household, again treating any person accordingly with living head lice. At this point, it may also be necessary to inform any people who may have had close contact.

If you are unsure, please seek the advice of the local chemist and/or read the useful information sheet about head lice on our school website under Parent's Information – Sickness Absence Information.

Yours sincerely

The Office

**Ormesby Village Infant and Junior Schools Federation**
